

Securities Dealing Policy

Approved by the Board of QANTM Intellectual Property Limited on 23 March 2023

1. Purpose

Dealings in Company Securities by the directors and Employees of QANTM Intellectual Property Limited (ACN 612 441 636)(the **Company**), must be conducted in accordance with this policy, in order to ensure that public confidence is maintained in the trading of Company Securities and the reputation of the Company and its directors and Employees. Restrictions on Dealings in Company Securities also apply in order to minimise the risk of breach of insider trading laws.

Employees and directors of the Company are responsible for ensuring that any restrictions on Dealings set out in this policy are also observed by their Associates.

Breach of this policy will be regarded as serious misconduct and may lead to disciplinary action, up to and including dismissal.

2. Context – Insider trading laws

Subject to limited exceptions, Australian insider trading laws prohibit a person (an **insider**) who has Inside Information relating to Company Securities or the quoted Securities of another entity, from:

- Dealing in relevant Securities;
- procuring another person to do so; or
- communicating, directly or not, Inside Information to someone else when the insider knows, or ought reasonably to know, that the other person would or is likely to:
 - Deal in relevant Securities; or
 - procure another person to do so.

Insider trading is a criminal offence, punishable by substantial fines or imprisonment or both. The Company may also be liable if a Designated Officer or Employee engages in insider trading. Insider trading may also attract civil penalties. A court may impose substantial pecuniary penalties, and order compensation paid to persons suffering related loss or damage.

3. All Employees and directors: General restrictions on Dealing

Employees, directors of the Company, and their respective Associates, must not:

- Deal in Company Securities if they have Inside Information in relation to Company Securities, or if the Company has formally notified them that they are restricted from Dealing, except where an exception set out in this policy applies; or
- enter into margin loan arrangements to fund the acquisition of Company Securities or in relation to which Company Securities may be used as security against loan repayment (as the loan's terms may compel the disposal of Company Securities during a period in which Dealing in Company Securities is prohibited by this policy).

Employees, directors of the Company, and their respective Associates, may only use Derivatives in respect of Company Securities as set out in this Policy.

Securities Dealing Policy

4. All Employees: Restrictions on use of Derivatives

The Company may grant shares, options or performance rights to its Employees as part of their remuneration entitlements. These grants may be subject to the satisfaction of performance hurdles before they vest in the Employee. The use of Derivatives over unvested Company Securities may allow value to be realised from those Securities even if performance hurdles have not been met. This would break the intended connection between Employee performance and shareholder best interests.

Employees and their Associates are not permitted to use Derivatives in relation to any unvested Company Securities in a way which would have the effect of providing greater benefit than would otherwise have been realised by the Employee in respect of the unvested Company Securities.

Employees and their Associates may use Derivatives in relation to vested Company Securities, provided any Dealing complies with the balance of this policy.

5. Dealing by Designated Officers

Designated Officers are more likely to have access to Inside Information in relation to Company Securities, and are therefore subject to additional restrictions on Dealings in Company Securities.

Unless an exception applies, a Designated Officer or their Associate may only Deal in Company Securities if each of the following conditions is satisfied:

- (*Clearance*): Before Dealing, the Designated Officer must submit to the relevant Clearance Officer (with a copy to the Company Secretary) a written application for clearance to Deal, and obtain written clearance to Deal in Company Securities from the relevant Clearance Officer.
- (*Trading Windows*) Dealing may only occur during a Trading Window (unless clearance is obtained from the relevant Clearance Officer to Deal outside a Trading Window in Exceptional Circumstances).
- (*No Inside Information*) As is the case with the all Dealings in Company Securities by all Employees, Dealing may only occur if the Designated Officer is not in possession of Inside Information relating to Company Securities.

Prohibited forms of Dealing

Designated Officers or their Associates must not enter into, create or deal in the following in respect of Company Securities:

- short-term dealing, including buying and selling Company Securities on market within a three month period;
- short selling; or
- "hedging" (entering into arrangements which have the effect of limiting exposure to risk relating to equity-based elements of remuneration that either have not vested or which have vested but remain subject to a holding lock or escrow arrangement)¹.

¹ Such arrangements are prohibited with respect to key management personnel under the *Corporations Act 2001* (Cth)

Securities Dealing Policy

6. Clearance procedures: Dealings within Trading Windows

Applications for clearance

Applications for clearance must:

- be in writing and given by hand or email to the relevant Clearance Officer, with a copy to the Company Secretary, prior to the proposed Dealing in Company Securities;
- set out the number of Company Securities the subject of the request, and whether the proposed transaction will be on-market or off-market;
- include a declaration that the applicant does not believe they have any Inside Information in relation to Company Securities; and:
- with respect to applications for clearance to Deal outside a Trading Window, provide sufficient information to demonstrate Exceptional Circumstances and that the proposed Dealing is the only reasonable course of action available to the applicant.

General

A Clearance Officer may delegate his or her authority in writing to an appropriate person in the event of illness or absence, provided that person is not a member of the class for which they are the Clearance Officer.

A Clearance Officer must provide any decision with respect to clearance in writing, with a copy to the Company Secretary.

Any clearance to Deal can be given or refused by a Clearance Officer at his or her discretion.

Any decision to refuse clearance is final and binding and the person seeking the clearance must keep the fact of any refusal confidential.

Validity period

Any clearance to Deal:

- lapses immediately if the applicant acquires Inside Information in relation to Company Securities; and
- may be withdrawn at any time by notice from the Clearance Officer or the Company Secretary if there is a change in circumstance.

A Designated Officer who has received clearance to Deal in Company Securities must complete the Dealing within a period of five business days commencing on the day after clearance is received (or such shorter or longer period as may be specified by the Clearance Officer, up to a maximum of the period to the end of the relevant Trading Window), otherwise a new clearance must be sought.

Other restrictions on Dealings by Designated Officers apply notwithstanding clearance

Clearance to Deal in Company Securities is not an endorsement of the Dealing, and does not override the requirement on each Designated Officer to comply with any other restrictions set out in this Policy or applying by law with respect to their own Dealings and Dealings by their Associates, including the general prohibition on Dealings when in possession of Inside Information in relation to Company Securities.

Securities Dealing Policy

7. Exceptions to additional restrictions applying to Designated Officers

The additional restrictions in Clause 5 do not apply to Dealings by a Designated Officer or their Associates that involve or result directly from any of the following:

- (a) Dealing in Company Securities under an offer or invitation made by the Company to all or most ordinary shareholders in the Company – such as an offer or invitation under a rights issue, bonus issue, or an equal access buy-back (and including, without limitation, decisions relating to whether or not to take up entitlements, and the sale of entitlements required to provide for the take up of the balance of entitlements, under a renounceable rights issue) – or under an equal reduction of capital undertaken by the Company;
- (b) a share purchase plan or dividend reinvestment plan (provided that the Designated Officer or Associate may not commence or amend their participation in such a plan outside a Trading Window and may not withdraw from such a plan outside a Trading Window without clearance being given and Exceptional Circumstances applying);
- (c) undertaking to accept, or accepting, an offer for Company Securities made under a takeover bid or disposing of Company Securities under a court-approved compromise or arrangement under Part 5.1 of the Corporations Act;
- (d) Dealing in units of or interests in, a fund or other scheme (other than a scheme investing primarily in Company Securities) where the assets of that fund or scheme are invested at a third party's discretion;
- (e) where the Designated Officer or their Associate is the trustee of a trust, Dealing in Company Securities by that trust provided that neither the Designated Officer nor any Associate is a beneficiary of the trust and any decision to Deal during a prohibited period is taken independently of the Designated Officer or their Associate;
- (f) disposal or acquisition of Company Securities effected by a change in the trustee of a trust;
- (g) accepting an offer to acquire Company Securities, or acquiring Company Securities, under any employee share plan that the Board from time to time determines is a plan to which this clause applies;
- (h) the exercise (but not the sale of Securities following exercise) of an option or right under an employee share plan, or the conversion of a convertible security, where the final date for exercise or conversion falls during a period during which the Designated Officer has been unable to trade due to the restrictions in this policy (a “prohibited period”), and, with respect to that Designated Officer, the prohibited period has been exceptionally long or there have been a number of consecutive prohibited periods and exercise or conversion could not reasonably have occurred outside a prohibited period;
- (i) the forfeiture, lapse, cancellation or surrender of Company Securities under an employee share plan;
- (j) any Dealing that results in no effective change to the beneficial interest in the Company Securities, for example an off-market transaction involving the transfer or other

Securities Dealing Policy

disposal or acquisition of Company Securities between a Designated Officer or Associate and any of the following:

- (i) a Designated Officer;
- (ii) an Associate of the relevant Designated Officer (or in the case of an Associate, the Designated Officer);
- (iii) a company, trust or other entity over which the relevant Designated Officer or an Associate of that Designated Officer has control or significant influence (whether alone or jointly with any of their Associates); or
- (iv) a superannuation fund or other pension or saving scheme in which the relevant Designated Officer or an Associate of that Designated Officer is a beneficiary.

Dealings described in this clause 7 remain, however, subject to the overriding inside trading prohibition – that is, a Designated Officer or Associate must not Deal if either of them have Inside Information in relation to Company Securities.

8. Dealings by an Associate

If a Designated Officer may not Deal in Company Securities, they must also prevent Dealings by their Associates.

A Designated Officer must ensure that their Associates are aware of this policy and comply with its terms, and, in particular:

- inform any Associate of the periods during which the Designated Officer may not Deal in Company Securities;
- inform any Associate that they may not Deal in Company Securities on a speculative basis; and
- request any Associate to inform the Designated Officer immediately after Dealing in Company Securities.

A Designated Officer does not have to comply with the obligations in this clause 8 to the extent that compliance would breach their obligation of confidence to the Group, and provided that the Designated Officer has consulted with the Company's General Counsel as to ways in which the obligations in this clause 8 could be achieved without breaching an obligation of confidence to the Group.

9. Communicating Inside Information

A Designated Officer, Employee or Associate must not directly or indirectly communicate Inside Information in relation to Company Securities or quoted Securities relating to another entity, if they know, or ought reasonably to know, that the other person would be likely to:

- Deal in relevant Securities; or
- procure another person to so Deal.

The provisions of this clause 9 do not limit, and are additional to, other duties of confidentiality owed to the Company or a company within the Group.

Securities Dealing Policy

10. Assistance and additional information

Employees or directors of the QANTM Group who have information that they believe might be Inside Information, and are unsure whether they can Deal in Company Securities or Securities of another quoted entity, should contact the Company Secretary for assistance and additional information.

11. Notification by directors of any Dealings

Directors of the Company must notify the Company Secretary of the relevant details of any Dealing in Company Securities within two business days after the completion of such Dealing to enable the Company to comply with its disclosure obligations under the ASX Listing Rules.

12. Defined terms

Words and phrases in initial capitals will have the meanings set out below:

Term	Definition
